## Career Objective

To secure a challenging role as a Frontend or Full Stack Developer, leveraging expertise in JavaScript, React.js, and the MERN stack to build high-performance, scalable web applications. Passionate about crafting intuitive user experiences, solving complex problems, and contributing to impactful projects in collaborative environments. Committed to continuous learning, technical excellence, and driving innovation in web development.

## Education

### N.B.Navale Sinhgad College Of Engineering

2022 - 2026

Bachelor of Technology in Computer Science (Agg. CGPA of 8.58)

Solapur, Maharashtra, India

### Narayana Junior College

2022

Higher Secondary Education (Percentage: 90.5)

Hyderabad, Telangana, India

### H.C.C English Medium School

2020

Secondary School Education (Percentage: 82.80)

Solapur, Maharashtra, India

## Skills

**Frontend:** HTML, CSS, JavaScript, React.js

**Backend & Database:** J Node.js, Express.js, REST APIs, Socket.IO

**Tools & Languages:** Git , Java , C

**Core Concepts:** Data Structures, Algorithms

## Projects

### SkillSutra - eLearning Platform | MERN Stack, Netlify, MongoDB Atlas

2024

- A full-stack web application enabling students to ask, answer, and review questions related to their colleges.

### College Transparency Management System | MERN Stack

2025

- Project increases the efficiency of administration and creates a paperless environment.

### Student Q and A Platform | React.js , MongoDB, Javascript

2025

- Developed a college discussion forum featuring real-time updates, upvote/downvote system, and AI-powered content filtering/monitoring.

### Real-Time Chatting Website | MERN Stack, Render, MongoDB Atlas

2024

- Developed a real-time chat application using WebSockets with JWT authentication and MongoDB-based messages.

## Leadership & Achievements

- **President** of C.O.R.E Committee, led and organized multiple departmental technical and cultural events.
- Appointed as **Campus Organizer** for Google Developer Group (GDG) at NBNSCOE, hosting 10+ technical sessions.
- **Winner** of Programming Puzzle competition on **Engineer's Day 2023** organized by ISTE.
- **Finalist** in HackFusion 2k24 National Hackathon among top shortlisted teams.

## Certifications

- **Java Programming Certificate (113 Hours)** – Infosys Springboard (Apr'24)
- **AI/ML with Data Science Workshop** – IIT Bombay (May'24)
- **Python Programming Certificate (40 Hours)** – Infosys Springboard (Mar'24)

## Additional Experience

- **Technical Workshop Conductor:** Led sessions on web development and MERN stack for 100+ students.
- **Hackathon Team Lead:** Successfully led teams in 5+ intercollegiate hackathons.
- **Coding Club Member:** Contributed to 10+ technical events and peer programming sessions.

## Additional Information

- **LeetCode:** [leetcode.com/kbhargav76](https://leetcode.com/kbhargav76) (50 Day Badge )
- **Languages:** English (Professional), Hindi (Fluent), Marathi (Native), Telugu (Native)
